Subject: list of participants from Community Meeting, 8/10
Attachments: Eastman Participants_1616468554.csv

Hi Fran, attached is the participants list from Zoom which does not include affiliations. We did not think Zoom offered this option. After sharing this with Beth (Mission Support) today, she said sometimes this feature works and sometimes it doesn't.

Below is a list of participants that added their name/affiliation to the chat box along with the questions I copied from the meeting. The attached list of participants are those that signed in BUT it didn't have their affiliation like what was added to chat box. If you find this useful then it will be provided on future meetings:

Russell Wozniak - Dow
Suzanne Stadden Brown, The Longview Chamber of Commerce
Michelle Baetz - Air Section Manager - TCEQ Region 5
Leandra Ansah - Associate Attorney at Beveridge & Diamond P.C
Mary Green, Mary Ann Green Communications
D'Wayne Shaw Kilgore College
Steve Crane-citizen of Longview
Tokesha Collins Wright, Louisiana Chemical Association
Leroy Biggers Regional Director TCEQ Tyler
Eric Lawrence - Texas Department of State Health Services
Greg Langley LDEQ Press Secretary
Michael Miller - TCEQ Program Support and Environmental Assistance Division

QUESTIONS POSTED CHAT BOX:

From Steve Crane to Everyone: 06:13 PM
Where is the geographic area in Longview?
What is meant by “near.”

From Erin Douglas to Me: (Direct Message) 06:34 PM
Can you add me to the email? *Note-Moderator tried to reply to get an email address but unable to do so. Do not see Erin Douglas on the list only Erin T. There was a followup message that included contact info in chat box but was unable to capture before meeting ended. The transcript should have it.*

Robert Quinn - why is TCEQ's risk number so much higher than EPA's?

Eric Lawrence (DSHS) - Question for Fran. Could you please clarify again the difference between the measured and actual emission values? Were the measured or actual emission values used in the risk assessment calculations?

From Suzanne Staden Brown SR VP of Longview Commerce to Everyone: 06:58 PM
I have comments, please. She verbally gave positive comments about Eastman.

Takesha Collins – LCA
Verbal comment on emissions – LCA believes more emissions will be noted even further. Industry makes progress in reducing emission and

From Eric Lawrence to Everyone: 06:57 PM
Eric Lawrence (DSHS) - Question for Fran. Could you please clarify again the difference between the measured and actual emission values? Were the measured or actual emission values used in the risk assessment calculations?

From Scott Sandvik to Everyone: 07:01 PM
Eastman is a major active industry partner with Hallsville High School. Eastman helps provide career guidance to our Jr. High and High School students along with technical education assistance. Students have received many opportunities

for scholarships through the education partnership. In all interaction with students Eastman consistently emphasizes the importance of Safety, Health, and Environmental stewardship.

From Robert Quinn to Everyone: 07:10 PM

The background EO concentration in non industrial area seems to be higher than EPA's risk value . Can you explain this

From D'Wayne Shaw to Everyone: 07:14 PM

Thanks to the EPA for this information. It has made me feel even better about what Eastman is doing to control the EO emissions in our area.

From Suzanne to Everyone: 07:14 PM

Thank you so much for your time and for the opportunity to provide comment and ask questions.
